NAC Plus features 525 mg of N-acetyl Cysteine as its primary active ingredient; together with additional cofactors, NAC Plus is designed to provide benefits in a variety of applications. NAC Plus can be taken alone as a daily supplement to support detoxification, immune and anti-inflammatory systems of the body and can be combined to work in synergy with other Cyrene Labs products which are all specially formulated to produce measurable results.

Benefits of NAC Plus

- Aids reversal of anemia
- May reduce insulin resistance
- Helps prevent heart disease and other chronic conditions
- Detoxes the body of toxins

CYRENE LABS
REVEAL YOUR POTENTIAL

NAC Plus

Detox Your Body

- Snapshot:**
- Restores antioxidant levels
 - Provides protection against the harmful effects of free radicals
 - Supports liver detoxification pathways, allowing for toxins in the liver to be cleared with greater speed and efficiency
 - Fortifies immune function by supporting glutathione levels in our liver, cells, and mitochondria
 - In addition to supporting the body's detoxification pathways in organs like the liver, it supports the detoxification pathways within each and every cell in the body
 - Improved conversion and decreased symptoms in nonthyroidal illness syndrome (those who suffer the symptoms of hypothyroid while having no problem producing thyroid hormone)
 - Reduced gut inflammation In 37 people with colitis and helping to reduce inflammatory substances like IL-8
